EDUCATION

Indiana University, Bloomington, IN

May 2027

B.S. in Computer Science – Software Engineering + AI

GPA: 3.85/4.00

Minors: Data Science, Informatics

Relevant Coursework: Data Structures & Algorithms, Database Concepts, Computer Structures, Software Methods

EXPERIENCE

AI Trainer

Oct. 2025 - Present

Handshake AI Fellowship

Remote

- **Evaluating** domain-specific prompts and **analyzing** outputs to **assess** the performance and accuracy of **LLMs**.
- **Contributing** to improving **AI comprehension** through **expert review** and **research** to **refine** LLM behavior.

Undergraduate Researcher

Sep. 2025 - Present

Indiana University

Bloomington, IN

- Developing projects using **C#** and **Unity** tools to **visualize** musical structures from notation, score, or audio.
- **Reviewing** literature and **analyzing data streams** to generate **visual feedback** on rhythm, pitch, and timbre.

Assistant Manager

April 2021 - May 2023

RedHook Seafood & Bar

Southaven, MS

- Led up to **10** staff members and managed **\$15K+** **daily transactions**, ensuring **smooth operations**.
- Collaborated with a **diverse team** to **resolve conflicts** and **drive repeat business** in a **fast-paced environment**.

PROJECTS

Frag-Archive | *Source Code*

Java, PostgreSQL, Springboot, React, Bootstrap, Docker

- Developed the entire **backend** combining **Java** and **Spring Boot**, structuring with **Controller**, **Service**, and **Repository** layers to enforce a clean separation of concerns.
- Implemented a **REST API** with Spring MVC for **HTTP** requests and Spring Data JPA for database connection.
- Integrated a **React.js + Bootstrap** frontend for displaying and managing players through dynamic API calls.

Raycasting Engine | *Source Code*

Java, Swing, Computer Graphics

- Led team development of a custom **raycasting engine** in **Java Swing**, implementing **pseudo-3D rendering** with dynamic walls and real-time ray visualization.
- Visualized **real-time rays** on a 2D map to show camera positioning and demonstrate the raycasting system.
- Enabled smooth **player movement** controls through user keyboard input and timers.

ACTIVITIES

Performing Member

January 2023 - August 2025

Drum Corps International

Boston Crusaders, Cavaliers, Music City

- **Competitively selected** based on a **rigorous audition process** and **coordinated** with a **team of 164** other performers, performing up to **24 live shows** for **hundreds of thousands of fans** over an **80-day** summer.
- Endured **12-hour daily training sessions**, strengthening **teamwork**, **leadership**, and **time management** under high physical and mental pressure.
- Achieved **1st Place** at the **2025 DCI World Championships** and **finalist** at the **2024 DCI World Championships** in Indianapolis, Indiana against **30** other competing drum corps.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C#, SQL, JavaScript, HTML/CSS, Kotlin, R

Libraries & Frameworks: Spring Boot, PostgreSQL, React.js, TailwindCSS, Bootstrap

Developer Tools: Git, Docker, Vite, Postman, Cursor

PERSONAL INTERESTS

Pageantry/Marching Arts, Rock Climbing, Mechanical Keyboards, Video Games, Indie Rock
